Hi Laura,

Please could you possibly send me everything you have had from CRB? All her communications to you so that I can read them and formulate a strategy to deal with her.

Once you hear back from her, we will consider a meeting with her that will be carried out under covert surveillance conditions. I will prepare a document for you to use as a aide memoir and guide to maximise the intelligence or evidence from everything she says to you.

You now fully know what I used to do for a living so if we go down this route I will ensure your safety and anonimity so that you will not be compromised or incriminated.

It's definitely worth pursuing and exploring further and too good an opportunity.

Please let me know when you hear back from her and in the meantime send me what you have.

Best Wishes

Paul
