Just the two swiss newspapers and Singapore starits times. I wanted to get my story out. Everyone is using me for political reasons. My story is simple - I worked somewhere, left the place on not sdo good terms, I stole data and wanted to make money from the data. I have no political agenda and I am not a whistleblower. I was not aware of any wrongdoing in the data. In fact the people who bought the data from me never once asked me about what was inside or my thoughts - they took it and published. They cleaerly already ahd their story written
