Hi Paul,

How was your trip to Bangkok?

Did you had a nice talk with Xavier?

I never received the official copy of the statement that you made in July when you came to Geneva airport to pick up the two hard drives and the computer that you order me to give you back officialy by phone.(see phone records attached).

I just can't remember if It was a request from the Thai authorities or Patrick Mahony and Tarek Obaid (Petrosaudi)?

You promised me to make a copy and send it to me but since July I'm still waiting anf I never received anything.

Please send me a copy of this statement or I will unfortunately have to make an official request to the UK authorities.

Please keep me updated as you told me in your last watsup message ;)

I'm going back to Geneva next week so you can send by email or mail at my parent's place. Let me know if you still have the address since the last time you came with Dave Thomas.

Thank you.

Regards

Laura Justo
